ChapterWork is a modern utility for working with the chapter tracks and markers in your digital movies. Built on Apple's AVFoundation technology, ChapterWork frees users from using labor-intensive text-based tools and provides simple and effective methods for creating, updating and internationalizing your movie's chapter tracks.

System Requirements

This software works best with Mac OS X 10.10 (Yosemite).

Installation

1. Double-click the archive file you have downloaded, ChapterWork131.zip. Open a Finder window for the ChapterWork131 folder.
2. Read the ChapterWork License and ChapterWork Quick Start Guide.
3. Drag the ChapterWork icon to the Applications folder and double-click to launch.

Purchase

Until purchased, the software will function as a time-limited demo. Once the software expires you will no longer have unlimited access to the software's full functional capabilities. To purchase, visit [http:// www.einsteinslegacy.com](http://www.einsteinslegacy.com) or the Mac App Store.

Finding More Information

While using this software , you may open the User Guide by choosing “ ChapterWork Help” (Cmd-?) from the Help menu.
